

ROHIT

Mobile App Developer

+91 6284885838 rc11102003@gmail.com Ludhiana, Punjab

SUMMARY

Passionate and growth-driven Mobile Application Developer with hands-on experience in Native iOS and Flutter development. Skilled in building scalable, user-centric, and high-performance mobile applications using Swift, UIKit, Xcode, and Flutter. Experienced in implementing Firebase integrations, push notifications, authentication systems, custom UI/UX, localization, debugging, and performance optimization. A quick learner with strong problem-solving abilities and a keen interest in exploring new technologies, continuously striving to enhance development skills and contribute effectively to real-world projects. Dedicated to creating seamless mobile experiences while growing as a professional iOS and cross-platform application developer.

EXPERIENCE

Junior iOS Developer

C+A Global

02/2026 - Present Mohali

iOS Developer

- Develop, test, and maintain high-quality mobile applications for iOS with a focus on performance, scalability, and user experience.
- Collaborate with cross-functional teams including designers, developers, and testers to design and deliver new features effectively.
- Implement responsive and user-friendly UI components to enhance overall application usability.
- Stay updated with the latest mobile technologies, frameworks, and development trends to continuously improve technical expertise.
- Debug, troubleshoot, and optimize applications to ensure smooth functionality and improved app performance.
- Contribute to creating seamless and engaging mobile experiences through continuous learning and innovation.

Mobile App Development Trainee

Live Deftsoft Informatics pvt ltd

06/2025 - 12/2025 Mohali

Mobile App Development Intern

- Develop, test, and maintain mobile applications for iOS
- Maintain clean, well-documented code while following best practices and coding standards
- Stay up to date with emerging mobile technologies, frameworks, and tools
- Collaborate with cross-functional teams to define, design, and ship new features

PROJECTS

HP Sprocket

Cross-Platform Mobile App Development | Flutter & Native iOS

- Developed a high-performance mobile application using Flutter with native iOS integrations to deliver seamless and scalable user experiences.
- Implemented Firebase Authentication with Google, Facebook, and Apple Sign-In.
- Integrated push notifications, localization, Firebase Crashlytics, and WebView functionalities.
- Developed responsive custom UI components, popup flows, and reusable widgets.
- Managed app permissions, debugging, and performance optimization for smooth app functionality.
- Worked on native iOS-specific implementations to enhance platform performance and user experience.

Kodak Step Print

Kodak Step Printer | Native iOS Development

- Contributed to the development of the Kodak Step Printer mobile application using Native iOS, focusing on printer connectivity, firmware management, and user experience enhancements.
- Implemented firmware update workflows for printer devices to improve performance and stability.
- Developed advanced popup flows and custom alert logic for seamless user interactions.
- Managed app permissions including Bluetooth, Camera, Photos, and Notifications.
- Enhanced printer communication workflows and optimized application stability.
- Improved UI interactions and overall app experience through efficient logic implementation.

KEY ACHIEVEMENTS

App Efficiency Boost

Increased app efficiency by 35% through optimized code.

Bug Reduction Success

Reduced bug reports by 40% through proactive testing.

Contributions

Contributed to both Native iOS and Flutter-based production applications with scalable architecture

SKILLS

TECHNICAL SKILLS

Swift	UIKit	Dart	Flutter
Firebase Authentication		Push Notifications	
Debugging & Troubleshooting		MVVM	
Crashlytics		State Management (GetX)	
API Integration		App Permission & Handling	
Hardware Device Communication		Localisation	

TOOLS & IDEs

Xcode	Android Studio	VS Code	Git
GitLab	GitHub	Figma	Postman

EDUCATION

Bachelor's of Engineering (Information Technology)

Chandigarh University

08/2021 - 06/2025 Mohali

Matriculation

New G.M.T Public School

2018 - 2019 Ludhiana, India

Intermediate

New G.M.T Public School

2020 - 2021 Ludhiana, India
